THE SINGERLEWAK CONSTRUCTION INDUSTRY GROUP WE UNDERSTAND YOU.

OUR CONSTRUCTION NETWORK

WE UNDERSTAND YOU AND HOW TO BEST MEET YOUR NEEDS BY:

■ MAXIMIZING BONDING

Surety/Bonding market - the life blood of many contractors. We have established contacts within the marketplace for a wide variety of sizes, trades and markets.

■ MAXIMIZING FINANCING

Bankers - we recognize that construction is an industry that provides certain unique challenges to the banking community. We have established connections of bankers who have demonstrated their ability to look past the industry and at the Company.

■ MINIMIZING COSTS

Insurance - whether it be insuring your trucks or the backbone of your Company, your employees, we can provide you with insurance professionals who've demonstrated their ability to provide service at a reasonable price.

■ ACHIEVING GROWTH

Government Consultants - if you're a contractor servicing a government agency or considering offering your services to a government agency, we can help put you in touch with experts who can help with SBA and 8(a) certification, working knowledge of the FARs that is necessary for government contracts.

■ ASSESSING BEST PRACTICES

Software - when it's time to upgrade your software, we can help in providing support through your software selection.

■ RISK MANAGEMENT

Legal - including those specializing in construction claims, HR issues, estate planning, government contracting, including attorneys located in Washington DC.

■ SUCCESSION PLANNING

Strategies - We can help you with steps to prepare your succession plan and exit strategies. This can include evaluating the decision to transfer ownership (whether by sale or to family), preparing the business to maximize value, create a smooth transition and preparing for life after exit.

Based on a solid foundation of Construction industry experience, SingerLewak's Construction industry group fully understands contract accounting, construction reporting and contractor tax issues.
