

# General Practice Profile

**SL Biggs, a Division of SingerLewak is one of the leading Southern California professional services firms providing accounting, tax, financial management, and advisory services in the specialized areas of insolvency, litigation, forensic accounting, probate accounting, fiduciary services, and business operations management.**

The firm has served trustees, attorneys, government agencies, financial institutions, debtors and others for over 30 years, providing the substantive and impactful results that have bolstered our reputation as prominent experts in these specialized fields. As a niche practice within a large firm, we are able to bring the highly responsive, industry-specific expertise that our clients expect and deserve, with the depth of talent and resources required to handle major, complex cases.

The unparalleled breadth of knowledge and experience of our professionals is born in the trenches of handling thousands of bankruptcy, litigation, and forensic accounting cases, each unique in complexity, challenges, and players, with many of them being among the largest, most involved cases in the country.

Beyond these specialized services, this combined depth of knowledge and experience allows us to provide unique capabilities to business owners to assist them in developing the financial and operational management tools and reporting systems necessary to effectively grow and manage their companies.
