

# Franchise Business Consulting & Financing Solutions

## FRANCHISE CONSULTING

Whether you are building a new franchise system, or you've been in the business for a while, you recognize the complex maze of system development and operational details to master. DCV Franchise Group understands those challenges and offers hands-on solutions for Franchisors who are serious about growth.

- Turn-key development for new and emerging franchise systems
- Franchise sales strategies, lead generation and outsourcing
- Marketing, public relations and brand development
- Development & implementation of operational processes, systems, training programs, manual suites & support guides
- International franchise development

We are a proud member of industry organizations such as the International Franchise Association and National Franchise Business Network Program, providing support in all major categories:

- Food & Beverage
- Professional services
- Healthcare
- Education
- Real estate
- Fitness
- Hotel/Hospitality
- Professional sports

## FINANCING SOLUTIONS

DCV Franchise Group places financing for your franchisee's new or expanding business. We serve as your outsourced financing department allowing franchisors to effectively manage the financing process. Our goal is to ensure that every franchisee arrives financially safe. This is made possible by providing access to all SBA and traditional lending products. We assist with the preparation of financial statements and guidance through the entire process for:

- Private equity funding
- SBA loan placement
- 401K rollover
- Traditional debt instruments
