

CUSTOM EXECUTIVE LEVEL BUSINESS PLAN CREATION

DCV Executive Level Business Plans are designed to exceed all lender underwriting guidelines, for startup and existing business government (SBA) guaranteed lender programs. They include:

- Executive Outline / Company Structure
- Financial Projections Including Cash Flow Statements, Balance Sheets, Profit & Loss Statements, Break Even Analysis, Sensitivity Analysis, and Project Cost Analysis
- Product and/or Service Descriptions
- Market and Industry Analysis with Demographic Mapping
- Marketing Strategies with Key Objectives

The DCV Methodology

With DCV, every client is carefully guided through the business plans development process from start to finish. Business plans are not from a template but customized from the ground-up to precisely fit the needs and strengths of the client. All the writing, editing, research and comprehensive financial model is completed by specialized team members. Weekly calls are scheduled with the client to ensure the development of a perfect business plan. This methodology assures every client receives a professional, expertly written and researched business plan, in a reasonable timeframe, at a tremendous value.

100% SBA Acceptance

DCV has never had an SBA document rejection. Our Executive Level Business Plans are written exactly as required per government published guidelines.
